

BLACK FOREST

QUAD® POWERSPORTS

Maverick X3 Turbo Super Rallye

We have been developing and building race vehicles for many years. Successfully conquering the Dakar 5 times without any vehicle based failures certifies our build. Based on the popular Can-Am Maverick X3, we have perfected not only a very powerful but also one of the most reliable long-range off-road racing Side-By-Sides.

We can build an SxS according to your preferences, set up to perfectly fit your demands. **Simply complete the checklist:**

- Can-Am (BRP) Maverick X3 Turbo
